**NOTICE TO NVOCC CUSTOMERS**

**NVOCC Gateway Empty & NVOCC  
Transshipment containers dwell time  
update**

**Valued Customer,**

Further to the notice N003/COM/CIR/SGTD/2024, SGTD Doraleh Terminal would like to further clarify the following points to all NVOCC representatives:

1. NVOCC empty gateway units must have a confirmed outbound evacuation plan in order to improve the terminal's operational performance. The terminal will take into consideration the free pool quota to be received in the terminal yard. Once the free quota is exceeded, additional empty containers will be received in the external yard. All empty gateway units exceeding the free pool quota will be received in the external yard and the associated cost of 74 /111 USD per 20'/40' (all inclusive for loading/offloading and transfer) will be invoiced to the concerned NVOCC operator.
2. All NVOCC empties received in the external yard will receive a daily report from the terminal data team to prompt invoicing of the associated charges.

We thank you for your compliance with the above notice and remain at your disposal for any further information.
