NOTICE TO ALL SHIPPING LINES

Terminal Development Update

Valued Customer,

We would like to inform our valued customers of the latest developments at the Terminal. To enhance the Terminal yards handling performance, SGTD Doraleh Container Terminal has acquired ten (10) new Rubber Tyred Gantry (RTG) Cranes or Yard Cranes to be commissioned between March and April 2025.

The arrival of the new Yard Cranes, which are aimed at increasing the Terminal's operational performance, will improve the Hinterland customers' delivery time as well as the vessels performance.

The discharge of the ten (10) cranes will take place on the Terminal Quay from February 8th to 15th 2025. SGTD will allocate 200 meters of the quay's length (20% quay capacity) to the discharging of the ten new yard cranes for a short period of 7 days.

We would like to inform our customers that during this limited discharging period (7 days), the Terminal team shall endeavor their utmost efforts to limit the quay performance impact and berthing time delay.

We therefore strongly recommend that shipping lines maintain their respective berthing schedules for each service to minimize any delays during these 7 days.

We thank you for your interest in this note and look forward to your full cooperation.
